

## **Spring & Fall Bear Hunting Travel & Hotel Recommendations from Glacier Guides Inc.**

### **TRAVEL RECOMMENDATIONS**

We recommend that all travelers get full-flex tickets as you are traveling to the Last Frontier and weather will at times play a big part in getting in or out of Alaska. Glacier Guides' Bear hunters most generally fly into Petersburg, Alaska. The only exception to that rule may exist on the first or last hunts of the season when hunters will be directed to fly into (or out of) either Juneau or Ketchikan. From there, hunters proceed to a pre-designated Air Charter company, to be flown via float plane to our vessel awaiting your arrival in the field. Please take note of the travel details and dates included on your contract for booking of flights. Call us with any questions to ensure you are arriving and departing as necessary.

### **HOTEL RECOMMENDATIONS**
